

Change to Judgements for the People of the Land of Canaan

- ~~Canaan, Promised Land, Land of the Canaanites, the land of the Canaanites Hittites Amorites Perizzites Hivites and Jebusites [4/6]~~

The problem with compiling an interchangeable words list early in the season is that, as we quiz on the complete material, we see things that need modified. This is one of those instances. For the two tournaments (AMEC and Invitational), we will be using the listing below:

- The land of Canaan was an area that God promised to the people of Israel. The inhabitants of the land of Canaan were the Canaanites, Hittites, Amorites, Perizzites, Hivites, and Jebusites.
 - The land of Canaan = Canaan
 - The people/inhabitants of the land of Canaan = the people/inhabitants of Canaan = the Canaanites, Hittites, Amorites, Perizzites, Hivites, and Jebusites [4/6]
 - The land of the Canaanites is not interchangeable with the land of Canaan, since the Canaanites were only one of the groups that inhabited the land.
 - The Promised Land is not interchangeable with the land of Canaan and should only be used when mentioned in the text.
 - When the text refers to a specific people group (Hittites, Hivites, etc), only those groups should be mentioned. Saying “the people of Canaan” includes the other people groups and will be counted incorrect.
